

Delock USB Sound Box 7.1

Description

The Delock USB Sound Box 7.1 enables you to expand your computer by one sound card. By sourcing out the sound processor all disturbing influences can be minimized, so that you can hear the perfect sound. Just plug the Sound Box to a free USB port of your PC or laptop and connect your speakers or earphones. This product is ideal for applications like Skype, when using a headset. The result is phenomenal!
