

Delock Dual Docking Station SATA HDD > USB 3.0 with Clone Function

Description

This HDD docking station by Delock enables an external connection of two 2.5" or 3.5" SATA HDD via USB and offers stable hold for your hard disk. This solution does not require any external enclosure since you can just plug in the HDD only into the docking station. Furthermore the Clone function supports the copying of the HDD content of one HDD to another one. This can be performed at a push of a button or through the PC and the included software.
