Delock 19″ Cable Management Brush Strip tool free 2U grey

Description

This brush strip by Delock is suitable for installation in a 19″ network cabinet.

Installation without tools
The special feature of this brush strip is that no tools are required for installation in a network cabinet. The integrated mounting clips can simply be pushed outwards to lock the panel in place.

Proper laying of cables
The network cables are simply routed from the front to the rear, so the view of the cables inside the network cabinet is blocked and the network cabinet leaves a tidy overall impression.

Protection against foreign particles
The included nylon brushes prevent ingress of dust and dirt.
