

Delock Heat shrink tube assortment box, shrinkage ratio 2:1, assorted colours 230 pieces

Description

This heat shrink tube set by Delock is used to protect and to insulate cables, electrical tubes or wires. Under the effect of heat, the sleeve completely encloses the cable and shrinks. This protects the cable from the effects of the influence of weather and mechanical damage.

Large selection of different sizes and colours

This set contains hoses with 6 different diameters and 6 different colours that can be used in many different ways.

Multifunctional application

The heat shrink tubes can be used e.g. in a workshop, at home or in the industry.

Application of shrink tubes

The heat shrink tube can be heated with a hot air gun and the hose shrinks to half its original diameter when heated.
