# Delock PCI Express x2 Card > Hybrid 3 x internal SATA 6 Gb/s + 1 x internal mSATA

Description

The PCI Express card by Delock expands your PC by three SATA 6 Gb/s ports and one mSATA port. The card offers a hyperduo function. With this function you can combine a mSATA module and a HDD to use the advantages of both data mediums. The speed of a SSD and the capacity of a HDD. The card also supports the common RAID 0 and RAID 1 levels.

low profile bracket

Item no. 89371
