

Adapter USB 2.0 > Express Card 34 / 54mm

Description

This USB2.0 to Express Card Adapter by Delock enables the use of different Express Cards, 34mm and 54mm standard. Just plug the USB connector of the adapter to a free USB port of your notebook or PC and insert an Express Card into the Express Card slot. Thus you can easily expand your Computer by additional ports, e.g. USB, CardReader, UMTS, etc.
