Delock Woven Sleeve self-closing heat-resistant 2 m x 25 mm black

Description

This woven sleeve by Delock can be used to bundle exposed cables, electrical tubes or wires to protect them from dirt or damage. It consists of special continuous fibres (monofilament and multifilament) and thus offers increased flame resistance and abrasion resistance.

Self-closing
The woven sleeve closes automatically after adding the cables. The cables can be added or removed multiple times.

Cuttable
A hot cutting tool can help to shorten the length individually.
