

Delock Slot bracket 2 x eSATApd 5 V / 12 V

Description

This slot bracket enables you to lead out the internal ports, in order to connect devices to the externally available eSATApd ports. The eSATApd port provides a voltage supply of 5 V and 12 V, thus you can connect also 2.5" and 3.5" HDDs to this interface, by using special Delock products, like eSATApd cable or docking stations.
