

Delock Docking Station SATA HDD > USB 3.0

Description

This HDD docking station enables an external connection of a 2.5" or 3.5" SATA HDD via a USB interface. The docking cable can also be connected to your hard drive without using the holder. You can protect the hard disk on the PCB side and avoid a possible short circuit by inserting the included cover plates into the mounting holes of your 2.5" or 3.5" HDD. Furthermore you can connect a Blu-ray or DVD drive to the docking connector and connect it to your system. With the One-Touch Backup function you can easily synchronize the data on your hard disk by just one push of a button.

Specification

- Connectors:
 - 1 x USB 3.0 Type-A male >
