

Delock Adapter DisplayPort 1.2 male > DVI female 4K Active white

Description

This adapter by Delock enables the connection of an DVI monitor to the system via a free DisplayPort interface. The adapter supports a resolution up to 4K Ultra HD at 30 Hz and is backward compatible to Full-HD 1080p. The adapter offers an active conversion, thus it is also suitable for graphics cards that are not capable of outputting DP++ signals.
