

Delock Adapter USB 2.0-A female to mini USB male

Description

This USB adapter by Delock enables to convert the mini USB interface of a device into a standard USB-A female port. With an existing USB-A cable you can connect a device to a free USB port of a PC or notebook. Furthermore this adapter is most suitable for different car radios with mini USB port, since you can connect e.g. a USB stick, MP3 Player etc. and listen to your own music.
