Delock 19" Fiber Optic Patch Panel with viewing window unequipped 2U dark grey

Description

This patch panel by Delock can be mounted in a 19″ rack and is ideal for quickly and securely setting up the fiber optic network in buildings.

For the installation of fiber optic adapter panels
Optical fiber adapter panels and splice cassettes can be added individually.

With viewing window
The window provides a better view of the inside of the housing.

Rear cable entry
The fiber optic cables can easily be passed through via two cable entry holes in the rear part of the panel.
