

Delock Fiber Optic Distribution Box for DIN rail 8 port grey

Description

This fiber optic distribution box by Delock is suitable for mounting on a 35 mm wide DIN rail and can accommodate up to 8 fiber optic couplers of the types SC Simplex or LC Duplex.

PG cable glands for feeding through fiber optic cables

The fiber optic cables can be fed through two waterproof PG11 cable glands.

With splice cassette

The integrated splice tray enables clean routing of the individual fibers for optimal transmission of lightwave signals. In addition, the cassette is perfect for mechanical splicing and fusion splicing.
