

Delock LTE Antenne SMA Stecker 90° 2 dBi omnidirektional starr schwarz

Kurzbeschreibung

Diese Antenne von Delock ermöglicht die Nutzung verschiedener LTE Bänder im Innen- und Außenbereich.

Spezifikation

- Anschluss: 1 x SMA Stecker 90°
- GSM, UMTS, LTE, Z-Wave 908 / 921 MHz, ZigBee 902 / 928 MHz, DECT, NB-IoT
- Frequenzbereich:
880 - 960 MHz
1710 - 1990 MHz
- Antennengewinn: 2 dBi
- Impedanz: 50 Ohm
- VSWR: 2,0
- Polarisation: linear
- Betriebstemperatur: -40 °C ~ 85 °C
- Gehäusematerial: Gummi
- Farbe: schwarz
- Antennenlänge: ca. 5 cm

Systemvoraussetzungen

- Gerät mit einer freien SMA Buchse

Packungsinhalt

- Antenne

Artikel-Nr. 89623

EAN: 4043619896233

Ursprungsland: China

Verpackung: Wiederverschließbare Tüte

Abbildungen

Schnittstelle	
Anschluss:	1 x SMA Stecker 90°
Technische Eigenschaften	
Frequenzbereich:	1710 - 1990 MHz 880 - 960 MHz
Antennengewinn:	2 dBi
Impedanz:	50 Ω
Betriebstemperatur:	-40 °C ~ 85 °C
Polarisation:	linear
VSWR:	2,0
Physikalische Eigenschaften	
Antennentyp:	omnidirektional
Gehäusematerial:	Gummi
Länge:	5 cm
Farbe:	schwarz
