

Delock Universal Crimping Tool with wire stripper for 10P (RJ50), 8P (RJ45), 6P (RJ12/11), 6P DEC or 4P modular plugs

Description

With this tool by Delock a network cable can be installed quickly and easily to a connector. The **rubberized handles** provide a firm grip during the crimping process.

All in one

The **multifunctional pliers** is suitable for crimping, stripping and cutting of **10P (RJ50), 8P (RJ45), 6P (RJ12/11) or 4P modular plugs**.

Integrated blades ensure trouble-free stripping of the cables and cutting of the strands.

Modular connector RJ12 6/6 (6P6C)

This plier is also suitable for crimping modular male connectors with offset latch **DEC**.

Note

The pliers is equipped with a locking mechanism to prevent accidental closing or opening. Six clearly audible locking points signal this mechanism. After the seventh, the pliers open again when the handles are squeezed together.

Opening can also be brought about by means of the screw attached to the handle.

Item no. 90523

EAN: 4043619905232

Country of origin: China

Package: Blister

Specification

- Metal pliers with plastic handles and lock
- Built-in cutter and stripper
- Connectors suitable for crimping: e.g. RJ50, RJ45, RJ12, RJ11
- Colour: yellow / black
- Weight: ca. 514 g
- Dimensions (LxWxH): ca. 20.0 x 7.7 x 2.0 cm

System requirements

- Connectors suitable for crimping

Package content

- Crimping tool
